

# **Rattlesnake Raceway Short Course Extravaganza Saturday March 31<sup>st</sup> Official Rules**

## **General Information**

The off road track will be open Friday March 30<sup>th</sup> from 10am until 5pm for practice. We either will accept entries by mail prior Saturday March 31<sup>st</sup>, or on any Club Race scheduled before that date. We will also accept entries on March 31<sup>st</sup> itself. Entries will close Saturday March 31<sup>st</sup> at 9am! The Short Course Extravaganza will begin at 10am!

Each class will have three rounds of heats followed by 10 minute A mains. B mains will be 8 minutes, C mains will be 6 minutes. Any additional lower mains will also be 6 minutes.

## **Classes**

### **Novice**

The Novice class is intended for younger drivers or those whose enthusiasm for the hobby is greater than their skill level. Any short course truck is allowed in this class. Any motor/esc combination is allowed. Any battery may be used. Any tire/wheel combination may be used. No other restrictions. If your lap times are just as fast as the 2 wheel drive or 4 wheel drive entrants, then the race director reserves the right to bump you up into the appropriate class.

### **2 wheel drive stock**

This class is designed to allow even competition racing. Any 2 wheel drive short course truck is allowed in this class. **Motors are limited to either brushed ready to run motors or 17.5 turn brushless motors. ESC (Speed Control) is limited to either ready to run speed control units, or brushless compatible ESC's with blinky mode (non boosted) parameters.** We will check to ensure that entrants are not cheating the rules in this class. 2 cell battery limit. You must run short course specific tires and wheels (No 1/8 buggy tires/wheels). If you are unsure if your equipment is legal in this class, then please check with us before hand!

### **2 wheel drive open**

Any 2 wheel drive short course truck is allowed in this class. No motor/ESC limits. 2 cell battery limit. You must run short course specific tires and wheels (No 1/8 buggy tires/wheels). No other restrictions.

### **4 wheel drive open**

Any 4 wheel drive short course truck is allowed in this class. No motor/ESC limits. 2 cell battery limit. You must run short course specific tires and wheels (No 1/8 buggy tires/wheels). No other restrictions.
